80% of Notional Net Profit (after representative trading costs and carried over representative losses, if any, are accounted for)

**Additional Notes & terminology specifications:**

1. All dollar amounts above are in [US Dollars].
2. Notional Net Profit means the notional value that can be attributed to the representative value of the net positions of your Trades for each Trading Period.
3. The Assessment Period and Assessment Criteria will comprise of 2 parts. you must satisfy the requirements of Phase 1 (Evaluation) to be eligible to proceed to Phase 2 (Verification) and you must satisfy the requirements of Phase 2 (Verification) to satisfy the Assessment Criteria for your selected Assessment Program.
4. All Access Fees published in this Schedule of Assessment Programs and Fees are exclusive of relevant taxes or other statutory or regulatory costs. You are responsible for paying any such amounts and the Company may withhold or recover such amounts from you in accordance with tax laws and regulations.
5. Account Inactivity: If at the funded stage the trader does not place any trades within 30 days the account will be disabled.
6. Hedging Between Accounts Definition: Using 2 trading accounts to open two opposing positions on the same asset, at the similar times and with similar volume size
7. Banned Strategies include the following but not limited to:  
High-frequency trading, Hedge arbitrage trading, Tick scalping, Grid trading ,One-sided betting, Latency arbitrage trading, Reverse arbitrage trading, Copying trades from other traders, Martingale. The use of these strategies (manually or using a bot) in either the challenge or funded stage will result in the termination of your trading account
8. Minimum Hold times: In order to comply with the scalping and HTF rules and guidelines all trades must be held for a minimum of 2 minutes. A trader will be provided with a warning and if this trading technique is continued then this may result in a breach of the account. you will only be flagged and given a warning for scalping if more than 30% of your trades break this rule.  
At the point of withdrawal if your account has been flagged for exceeding the 30% threshold, any trades that do not have a duration of 2 minutes or longer will be considered a soft breach and will not be eligible for withdrawal. Any profit generated from trades under 2 minutes will be removed and any losing trades will remain.
9. Profit consistency: The profit consistency rule is 40%, This mean that no single trade can exceed 40% of your total withdrawable profit
10. Max total Risk: No single losing trade, whether one position or multiple simultaneous trades, can exceed a level of risk that is equal to 2% of the account's total value.
